utilizing and maximizing talent
transferred from outside communities

**Moving to a new community
can be overwhelming and
stressful.**

**Although a new job may
have brought your partner
to Champaign County,
Workforce Solutions:
Trailing Partner Network will
offer countless connections
for you as well.**

Eligibility:

**Did your spouse's or partner's new job require you to
relocate to Champaign County?**

If so, this program is for you.

How it works:

**If your spouse's or partner's new company is a
participating member of Workforce Solutions:
Trailing Partner Network, contact his or her human
resources department to get started, or contact our
Workforce Solutions director.**

**Once your résumé is received and an initial
consultation has occurred, Workforce Solutions will
develop an employment network process specifically
based on your skills and interests. Our goal is to help
give you the competitive edge in your employment
search by making personal introductions with hiring
decision-makers.**

**This complimentary program is made possible by the
Champaign County Chamber of Commerce.**

**Trailing spouses and partners may also post their
résumés on the Chamber's Web site by visiting
www.champaigncounty.org and clicking on "Work."
Employers may also post their available jobs on this
site.**
