HIGHLIGHTS:

Introduced **72 high school students** to possible manufacturing careers in the inaugural **Student Manufacturing Career Day**.

Launched a new **Chamber Association Health Plan** in partnership with **Health Alliance**, helping eligible members **save 17 to 25 percent** on health insurance.

Counseled **25 entrepreneurs** in various stages of **business development**.

More than 400 community members volunteered in the **iRead · iCount program**. **Urbana District 116 reported 85 percent of participating students** experienced growth in letter identification and reading with **Champaign Unit 4 reporting 92 percent of participating students** reaching similar achievements.

Led Champaign County First efforts, resulting in **one million federal dollars** allocated to study our sole source of drinking water, the **Mahomet Aquifer**, and a future **\$110 million investment** in I-57 rail corridor improvements.

Spearheaded a coalition of **50+ Illinois Chambers** in advocating for the state to **prevent rising business costs** by **paying off the Unemployment Insurance Trust Fund**.
